Many thanks for supporting this important outreach. Many will be blessed!

What does 1411 mean to you?

It's more than a big number.

It's the number of abortions performed by Planned Parenthood of South Central Michigan in 2008

The 1411 Club

As a member of the 1411 Club, you are pledging to remember each abortion performed at Planned Parenthood of Kalamazoo. There were 1411 in 2008! Club member proceeds will support current and future life saving efforts at Alternatives Pregnancy Care Center.

We are accomplishing many new objectives to preserve life and improve the options of pregnant women throughout Southwest Michigan. The 1411 Club funds raised will...

- Start a Sexually Transmitted Disease (STD) Clinic targeting college students
- Increase outreach programs for high school and middle school kids
- Continue our parenting and other educational efforts
- Expand our existing ultrasound outreach
- Insure on-going operations at our current location...across from Planned Parenthood!

Our goals are ambitious, but also vitally important. An application for membership in the 1411 Club is on the back of this panel for your thoughtful consideration.
