

## **VOLUNTEER AGREEMENT**

Recognizing that the Pregnancy Care Center is an evangelical ministry, I openly acknowledge my personal faith in Jesus Christ as my Savior. The new birth accomplished by the Spirit of Christ within me has manifested itself in a lifestyle that is pleasing to the Lord.

I am a regular attendee/member of a Bible based church.

I believe in the sanctity of human life as taught in the Bible.

I believe that outside of marriage, abstinence is God's only plan. Because of this I will not encourage any single teen/woman to use birth control. I will do my best to present the truth regarding the physical, emotional and spiritual risks involved in sexual promiscuity in a loving nonjudgmental way.

I accept the responsibility to give accurate information, emotional support, and spiritual guidance. All information of Pregnancy Care Center clients will be kept in confidence. I will continue to keep the information confidential even after I'm no longer a volunteer for the Pregnancy Care Center.

I have read the statements of faith and mission and will uphold them. I will also adhere to the policies of the Pregnancy Care Center.

I commit to serve faithfully and regularly as I'm scheduled. I will also read the Volunteer Newsletter.

While Alternatives' asks that volunteers abstain from picketing, we do not discourage peaceful times of prayer outside abortion clinics.

I am in agreement with the above statements.
